

MIRAKEL - PRESS RELEASE – September 2024

MIRAKEL is an exciting new duo that blends genres across the board.

With roots in both Eastern and Western folk music, pop, sacred music, and electro, Marte Schau and Mikael Fleron create a sound that is entirely their own. They are two seasoned and skilled musicians with many years of experience on the world music scene. Together, they have created a new genre: Spiritual Electro Folk.

MIRAKEL's music ranges from quiet and intimate to danceable and almost hypnotic. Their repertoire consists exclusively of their own compositions, where small mantras occasionally sneak in, giving the audience the opportunity to sing along and become part of the experience.

The lyrics are primarily in English, carrying messages of love, light, and joy, encouraging listeners to choose the path of love.

Mirakel is catchy pop songs and completely free improvisations. Marte and Mikael are a married couple who know each other very well, both personally and musically, so the boundaries are open, and magic arises when they play with keyboards, harp, saxophones, beats, loopers, and various rhythm instruments.

Marte's voice is powerful and versatile. With a background in various folk singing traditions, she masters the art of virtuosic tone work, effortlessly moving from the lowest to the highest notes with ease and elegance.

Mikael is originally a saxophonist. The saxophone also appears with cascades of Nordic and Oriental improvisations. His arsenal of instruments and machines creates a rich rhythmic foundation that makes the music groove in a way that draws the listener in.

With their loopers, they build layers upon layers of harmonious sound, and their performances are full of presence and humor. All their material is brand new, and they look forward to sharing it with the rest of the world.

Recommendation:

"I had the great pleasure of experiencing Marte and Mikael at a fantastic concert. I was deeply impressed and could feel their music in every cell of my body. Their calmness and radiance are wonderful, and Marte's voice is incredibly beautiful. It was a deeply moving and spiritual experience, which I can warmly recommend to anyone who wishes to connect with music on a higher level. There is no doubt that these two let the music flow through them without resistance. So loving and uplifting." — Gitte Koldtoft
